COMPANY

PROFILE

ABOUT US

Chaiseri Defence Technology is the official Malaysian partner of Chaiseri Defence Thailand, bringing their proven armoured vehicle expertise into the Malaysian market.

We focus on delivering world class armoured mobility solutions while providing local maintenance, MRO services, and system integration to ensure each platform meets Malaysian operational requirements.

By combining Chaiseri Thailand's proven capabilities with local technical support and Malaysian system integration, we deliver reliable, mission-ready vehicles tailored for our nation's defence needs.

VISION

To be Malaysia's leading provider of world class armoured vehicle with local intergrated systems while also being the country's leading MRO service provider ensuring the country posses mission ready vehicles which fully integrated defence capabilities.

MISSION

- Enhance Malaysia's armoured defence with mission-ready vehicles through expert MRO and system integration.
- Lead in local defence innovation by combining Chaiseri Thailand's proven platforms with Malaysian technology.
- Ensure full operational readiness with reliable, future-proof armoured solutions.
